

Broken Hill Town Square Redevelopment

Help shape your town!

**Pop-up community
consultation**

Broken Hill Town Square

**Saturday 1 July 2023
9 am to 1 pm**

Broken Hill City Council has engaged urban designers Jensen PLUS to prepare concepts to redesign Broken Hill Town Square.

The Broken Hill Town Square Redevelopment will help “reactivate” the CBD by making this important public space more functional, more accessible and more flexible for community events. It will also form part of a “Welcome Walk” between the Railway Station and Sturt Park.

We are seeking community feedback on these concepts and now is your chance to help shape your town.

The concepts are available on Council’s website, along with a link to an online survey between 30th June and 17th July 2023.

Meet the design team and representatives from Broken Hill City Council and Jensen PLUS will be at the Town Square and invite community members to visit to ensure they shape the future of this exciting project.
