Introduction

Mayoral Message

It gives me great pleasure to introduce the City's new Community Strategic Plan (CSP).

The CSP is a document created by the people of Broken Hill to outline their priorities and their aspirations for the City's future.

It is important to remember that this is not a Council plan, but a community plan that Council simply compiles to help provide strategic direction for Broken Hill.

This new plan has been completed using input from a large and diverse range of locals, businesses, and community groups who provided feedback in various ways.

Council held focus groups, pop up sessions, surveys, and a host of other community sessions - both before and after COVID-19 - to inform this plan and ensure it reflects the community's views.

I wish to thank everyone who provided feedback to this plan to ensure the voices of the community were heard.

The CSP should ideally be read in conjunction with Council's Delivery Program (DP) and Operation Plan (OP).

The DP and OP outline what steps Council will take in the coming years to help accomplish the outcomes listed in the CSP.

I also encourage all local businesses, services, and community groups to read this plan and consider how they can help achieve the goals that have been highlighted by locals.

Councillor Tom Kennedy
MAYOR

What is Your Broken Hill 2040 Community Strategic Plan

Your Broken Hill 2040 is a whole of community plan, in which levels of government, state agencies, business, educational institutions, community groups and individuals have an important role.

The Community Strategic Plan (CSP) outlines the community's main priorities and aspirations for the future and includes strategies for how we will achieve them. While a council has a custodial role in initiating, preparing and maintaining the Community Strategic Plan on behalf of the Local Government Area, it is not wholly responsible for its implementation. Other partners, such as state agencies and community groups may also be engaged in delivering the long-term objectives of the Community Strategic Plan.

Broken Hill City Council initiated and facilitated the development of this community plan and will continue to have a custodial role during its implementation, monitoring and reporting and review.

Your Broken Hill 2040 was developed with extensive community input including representatives from community, government, business, health, education institutions, non-government organisations, First Nation people, community groups and Council staff.

Social justice principles of equity, access, participation and rights have been central to the development of this plan under the theme headings of community, economic, environmental and civic leadership.

Results from a series of engagement activities have informed the development of *Your Broken Hill 2040* Community Strategic Plan.

The Plan has a new vision, resonating with the community's aspirations and retains the four themes, with strategies, objectives and actions updated to reflect the current focus, challenges and goals of our community.

Key questions considered throughout the development of this Plan:

- Where are we now?
- Where do we want to be in ten years' time?
- How will we get there?
- How will we know when we have got there?

The community were also asked to describe what makes us a flourishing community?

Our Community Vision

We are a strong, vibrant and growing regional city with wide opportunities, abundant natural assets, and a commitment to living lives of quality and connection in a unique location.

Our CSP Themes

To support the achievement of our community vision, collaborative efforts will focus on four interconnected themes:

1. **Our Community** – We value lifestyle and wellbeing; a place that encourages safe, active, cultural and social opportunities
2. **Our Economy** – We value a diverse economy which is resilient and adaptable to change, making the best use of the unique advantages of our remoteness and lifestyle
3. **Our Environment** – We value our unique landscape; we are committed to conservation and preservation of the natural environment and greater reduction of the human impact to ensure a sustainable and healthy community
4. **Our Leadership** – We value collaboration and working together for the greater good – Broken Hill community continues shared responsibility for good governance

Our City

The City of Broken Hill

is the largest regional centre in the western half of New South Wales. It lies in the centre of the sparsely settled New South Wales Outback, close to the South Australian border and midway between the Queensland and Victorian borders. The nearest population base is Mildura in Victoria, 300 kilometres to the south on the Murray River. The nearest capital city is Adelaide, approximately 500 kilometres to the southwest.

Connected by air, rail and road and with all the facilities that one would expect of a regional city, the Far West NSW region relies heavily on Broken Hill for essential services and connectivity.

Although located within NSW, Broken Hill has strong cultural and historic connections with South Australia and operates on Central Australian Time, half hour behind Eastern Standard Time.

Broken Hill's isolation is as much a strength as it is a challenge. This is Australia's longest lived mining city, where the BHP mining company was founded on the richest mineral deposit and where safe working practices and workers' legislation were first developed for miners in Australia. The city skyline is dominated by prominent mining structures along the Line of Lode, including a memorial to miners.

Broken Hill sits beneath a vast sky (now being mined for renewable energy), atop a landscape famed for its natural, cultural and industrial heritage. Each day, lives are lived out in dwellings built atop a mineralogical rainforest containing 300 confirmed mineral

species and representing 2300 million years of geological history. Many of the City's streets take their names from the wealth of metals, minerals and compounds found in the City's Ore Deposit (its Line of Lode).

The City is renowned for its perfect light – by day the sun and by night the stars, the desert moon and the city lights – which attracts artists, photographers and filmmakers.

In January 2015, Broken Hill was recognised as Australia's First National Heritage Listed City.

International findings show that heritage listing 'sells' and can stimulate growth through the visitor economy, the attraction of investment and entrepreneurial opportunity.

As part of a very elite listing, there is potential to heighten the brand of Broken Hill to world status.

Snapshot of our City

The external environment will continually impact on Broken Hill's capacity to deliver on our agreed objectives. There is a complex global economic environment with significant uncertainty around the outlook for interest rates, labour shortages, and global political risk – particularly in the USA - which will influence the success of growing the economy.

Increases in the prices of food, energy, commodity fluctuations, and international tariffs threaten to weaken global supply chains. Climate change may also increase commodity price volatility. However, while the current global economic trends have, and will continue to cause disruption to the National and local economy, Broken Hill's economic outlook is strong, with the investment from new mining ventures in Far West NSW representing a positive impact on the Far West NSW economy. Potentially, there are 3,000 jobs being created across five projects in the next decade with mining and renewable energy companies committed to employing a residential workforce.

The challenges for Broken Hill will be to advocate for locally provided training and professional development opportunities to prepare the local workforce for new opportunities and the City's ability to attract a new workforce to limit the potential to become a fly-in fly-out community. The political willingness of the State and Federal Government to invest in infrastructure and services will also influence the City's capacity to encourage new residents to live and work in Broken Hill.

Engaging with Our Community

Engagement is all about involving our community in the decision- making process

Broken Hill City Council, as the coordinator of the engagement of the Community Plan also collated the information into a format that is readily accessible and can be used as a community wide resource. As the plan identifies and amplifies the voice of Broken Hill's residents, Council appreciates the time and effort invested by the community in this process.

Consultation for the plan was undertaken over a 15-month period across the City. It began with an analysis of Council plans, local strategic plans from business, industry and agencies and a background paper highlighted some megatrends, which informed the face-to-face engagement.

The engagement activities targeted groups, industries, individuals and communities. Consultation included facilitated forums, pop up information booths in Argent Street and Westside Plaza, surveys, individual interviews and interviews with small groups with special interests.

People involved in consultation were generous and forthright and could both name what was great about Broken Hill and where our City's challenges lie. Discussion included ideas on how we can reach our community goals.

The 15-month period in which engagement activities were undertaken, incorporated both pre pandemic and mid pandemic

times which allowed for discussion of the impact of COVID-19 and the public health measures on the community and its sense of wellbeing.

The success of this plan relies on collaboration between all levels of government, health, education, economic development, business, industry, environment, cultural sector, social services, the community and the stakeholders that operate within the Broken Hill City Council Local Government Area.

Council's role in the development of this plan is to collate the information provided by the community, including its goals and aspirations, and present the information in a plan.

Ongoing ownership of the plan and reaching the identified goals of the community is a shared responsibility in which every person, every group, business, industry, and service, has an important role to play.

Engagement – Our Future In Focus

What We Said ...about Our Now and our Future

Through an extensive range of engagement activities including focused and open workshops, interviews and a series of pop-up listening pots along with research from studies of the Broken Hill community, we said this:

"We are down to earth, hardworking, diverse people who are part of a close-knit community who know where they are going, say it as it is and see the future as a positive albeit challenging on a number of fronts."

"We don't want our population to shrink any further, in fact it is important that we turn this around and grow it."

"We respect and include our First Nations people and consider their perspective in our work, our decisions, solutions and activities."

"We must look after and celebrate our unique natural environment better."

"We are a beautiful and unique Heritage City and we are proud of our mining history."

"We need to look after our health better."

"We like the investment in all our public facilities and transport."

"We need to keep our young people happy and engaged with our community – creating opportunities and jobs is key."

"We need to keep growing, diversifying our economy and looking for opportunities that are compatible with our unique location, history and social fabric."

"We need better access to health and community services."

"We need to deal with drought, our Darling Baaka River, the Menindee Lakes and water generally better."

"We need our partners and leaders to work better together and coordinate their response and solutions to our issues."

"Our businesses both large and small need to be supported and encouraged."

"We have a bright future and our visitors are welcomed in growing numbers."

Engagement Timeline

Intensive Research

The engagement plan structure included a four-step plan, which began with the analysing of plans from a range of businesses, industries, agencies, the social sector and any others available for inclusion, to gather a flavour of where the community is aiming. This intensive research produced a background paper that was used to inform the commencement of engagement.

Engagement Commencement

In preparation for the new Community Strategic Plan, the research phase of the engagement with the community began in 2020. Fortuitously, two personnel from Blackadder Associates led two days of the engagement at the Civic Centre prior to the imposition of public health orders limiting gathering.

Council led consultation continued throughout the shutdown period and two community surveys were also conducted.

Checking In

Touching base with focus groups from a broad range of areas. Engaging with voices not always represented and engaging with those people with similar interests to progress conversation and drill into specific needs and goals.

Heading to the People

A series of pop-up listening posts conducted by Council staff and including a range of activities to ensure that people had an opportunity to contribute and capture their goals. Two online surveys were conducted- one targeting people with disability and the other broadly assessing the impact of COVID 19 on the information gathered prior to the pandemic public health measures.

Closing the Loop

A comprehensive checking in process undertaken during the 28-day public exhibition period to ensure further community engagement confirms their goals and aspirations for the future are expressed in the Community Strategic Plan.

The delay in the scheduled NSW Council elections has drawn out the timeline of the Community Strategic Plan but

also offered the opportunity to consult widely with the community over a longer period.

Community Consultation provided important information about how the community sees itself prior to and post COVID 19 pandemic public health restrictions and influenced the direction of the goals that the community identified.

In Summary

The engagement period extended to 15 months and involved a wide range of opportunities for community consultation.

A large and diverse range of people contributed their thoughts to Broken Hill's plan for the future, through targeted activities such as:

- Twelve focussed workshops
- Five pop up listening posts
- Two online surveys
- Individual interviews

Extensive minutes were taken by staff at workshops and all remaining material from consultations added to the analytical process that defined the themes and final objectives.

Planning Your Broken Hill 2040

As a community it is important to have a document that defines how we want to grow into the future and what we need as a community now. This document is called the Community Strategic Plan. This plan seeks to guide us all in how to achieve these goals and how we can measure if we are on track or not.

What our community told us

The community identified the following to be considered in developing the Community Strategic Plan

- Affordable housing
- Airport redevelopment
- Allied services
- Cleaner and greener city
- Climate change and renewable energy
- Community facilities maintenance
- Development
- Drug rehabilitation
- Effective community engagement
- Employment and local jobs

- Financial sustainability
- Heightened cooperation between indigenous and non-indigenous
- Trees, parks and open spaces
- Health and ageing population
- Homelessness
- Local environmental protection
- Mental health
- Population growth and management
- Roads and infrastructure
- Tourism
- Training and Education
- Transport
- Waste management and recycling
- Youth and childcare

In accordance with section 402 of the *Local Government Act 1993*, the Council must review its Community Strategic Plan (CSP) before 30 June in the year following an ordinary election of council. The Community Strategic Plan Engagement Strategy for the 2025 review of the plan was adopted by Council at its meeting held 18 December 2024. The engagement strategy detailed the community activities to be undertaken.

The engagement period commenced early February 2025 and was kicked off with a survey of five questions seeking to check in on the ongoing relevance of the objectives and strategies of the Community Strategic Plan. The survey was delivered via:

- Individual invitation to identified focus groups and key stakeholders
- Youth Advisory Group for engagement in high schools
- Open invitation to the general community available online or hard copy print

The questions asked were:

1. What makes Broken Hill a great place to live, work, learn and play?
2. What issues are important to you?
3. What challenges do we have?
4. What opportunities do we have?
5. What are your hopes for the City in 2040?

Other engagement undertaken included:

- Pop up Listening Posts at:
 - Broken Hill City Library
 - Broken Hill Airport Terminal
 - Broken Hill Hospital Foyer
 - Broken Hill Regional Aquatic Centre
 - Patton Street Precinct (South Trading Post)
 - Community Markets
- Community Forum - Open Day and Evening (Council Chambers)
- Council Staff Workshops

The Broken Hill City Council Community Satisfaction Survey – August 2023 results and findings were also included in the review of the Plan.

vision for tomorrow"

"more community engagement by
Councillors"

"hope that government bodies
make the big decisions"

"What are our hopes...

The City's hopes for the future are optimistic and align very closely with the issues that concern the community, the challenges identified and the opportunities suggested. A strong aspiration was the focus on enhancing the population by growing industry and enhancing training opportunities in the City, particularly for our young people. Other hopes were the beautification of the City and enhanced community safety in public spaces.

"a safe, vibrant and growing
community with opportunities for
career pathways, enhanced
liveability, strong education and
training for our younger people"

"I hope to see Broken Hill thrive
as a sustainable, inclusive, and
forward-thinking community. A
future where young people see
opportunities to build their
careers and families here, where
infrastructure and services meet
the needs of all residents, and
where the town's rich history and
natural beauty continue to be
preserved and celebrated"

"opportunities for young people,
employment and growth"

"I hope that Broken Hill continues
to grow and move forward whilst
preserving its community values,
pride, unique qualities, heritage
and culture"

Guiding Principles

Social Justice

Preparation of **"Your Broken Hill 2040"** has been guided by the following social justice principles:

 Equity	 Access	 Participation	 Rights
Ensuring fair and just outcomes for all members of the community, regardless of background or circumstances	Guaranteeing that everyone has the opportunity to participate in decision-making and benefit from services and resources	Actively involving community members in the planning and decision-making processes, fostering a sense of ownership and responsibility	Recognising and upholding the fundamental human rights of all community members, including the right to participate, be heard, and have their needs met

The Quadruple Bottom Line (QBL)

The QBL addresses social, environmental, economic and civic leadership (governance) considerations. The social justice principles (above), together with the QBL ensures a holistic balanced approach is applied to all aspects of **"Your Broken Hill 2040"**.

 Social Sustainability	 Environmental Sustainability	 Economic Sustainability	 Civic Leadership
Access and equity issues Cultural activities Recreation and active living Built environment – urban design and planning for growth Providing and maintaining community facilities Heritage issues Consultation networks Public health and safety Affordable housing Education Transport links between communities in our LGA	Total water cycle management Preserving biodiversity Waste management Protecting specific environmental features Climate change impacts and initiatives Alternative energy sources Air quality Environmental impact of development Environmentally sound operation of assets	Regional economic profiles and opportunities Economic sustainability strategies Commercial and industrial opportunities Small business strategies Tourism Providing vocation pathways Supply chain issues Transport and trade links with other centres Financial sustainability of the council	Policy frameworks Decision-making principles and allocation of priorities Leadership and representation Levels of service Council's role as a responsible employer Business efficiency and probity expectations of the council Ethical practices Consultation and community participation in decision making Community ownership and implementation of the strategic plan

Council's Role

Council plays an important role in providing services, building infrastructure and managing regulations for our community. The decisions we make at the local level directly affect life in our community. Responsibility for achieving the long-term goals of our community rests with all levels of government, as well as individuals, organisations and industry groups; where Council is not the provider of a service or program, we are committed to taking action to facilitate change through advocacy, leadership and collaboration on behalf of our community.

			
Leader	Provider	Collaborator	Advocator
We plan and provide direction; we identify key community issues that stakeholders should respond to	We provide services, facilities, infrastructure and programs to meet the long-term goals and needs of our community	We support and work in partnership with stakeholders to deliver the best outcomes for our community	We ensure major priorities for the community are known and promoted to other decision-making organisations

Our Statements

Social Justice and Inclusion Statement

We ensure that the social justice principles are embedded in the delivery of the Community Strategic Plan and interaction between the partners. We welcome and celebrate diversity including people of all ages, abilities, cultural backgrounds, sexual preferences, religious beliefs, political perspectives and linguistic backgrounds. Inclusion, full participation and representation within our community is the key to building a strong resilient place that can achieve outcomes that reflect our true and varied needs.

Environmental Sustainability Statement

We acknowledge the impact of the changing climate on our community, its resources and liveability factors. Our focus includes protecting ourselves from the worst effects of climate change, protecting our unique and fragile landscapes and the plants and animals within it, ensuring fresh food and water security and leaving a positive legacy to our young people. We welcome opportunities to increase our sustainability, including recycling and energy efficiency and we look to set an example to the rest of Australia.

Intergeneration Equity Statement

We acknowledge the generational gap in Broken Hill, and that the needs of generations are different. We will ensure that the needs of all generations are met. These include the need for connection to each other and the wider community, opportunity for good health and social and emotional wellbeing, quality education, suitable recreation, satisfying work and worthwhile leadership opportunities. Planning and decision making will ensure short term solutions do not compromise our longer-term opportunities. The health, diversity and productivity of the environment must be protected, maintained and enhanced for the benefit of our future generations.

First Nations and Cultural Importance Statement

Broken Hill acknowledges the Wilyakali people of the Barkindji nation as the Traditional Custodians of our land. We recognize the cultural importance of this place to Aboriginal people, and that cultural respect and acknowledgement brings the opportunity for greater health and wellbeing to the whole community. We promise to honour the history and ongoing contribution of Aboriginal and Torres Strait Islander people to the community.

Integrated Planning and Reporting

In 2009, the NSW Government introduced the Integrated Planning and Reporting (IP&R) framework. The requirements for IP&R are set out in the *Local Government Act 1993* (the Act) and the *Local Government (General) Regulation 2021* (the Regulation).

The Integrated Planning and Reporting Framework requires councils to develop a Community Strategic Plan, which outlines the Vision, Goals and Strategies. The plan is not limited to the responsibilities of any one government or organisation.

Under the Framework, Broken Hill City Council will use the Community Strategic Plan to determine which goals and strategies can be implemented at a local government level. These goals and strategies are included in a four-year Council Delivery Program.

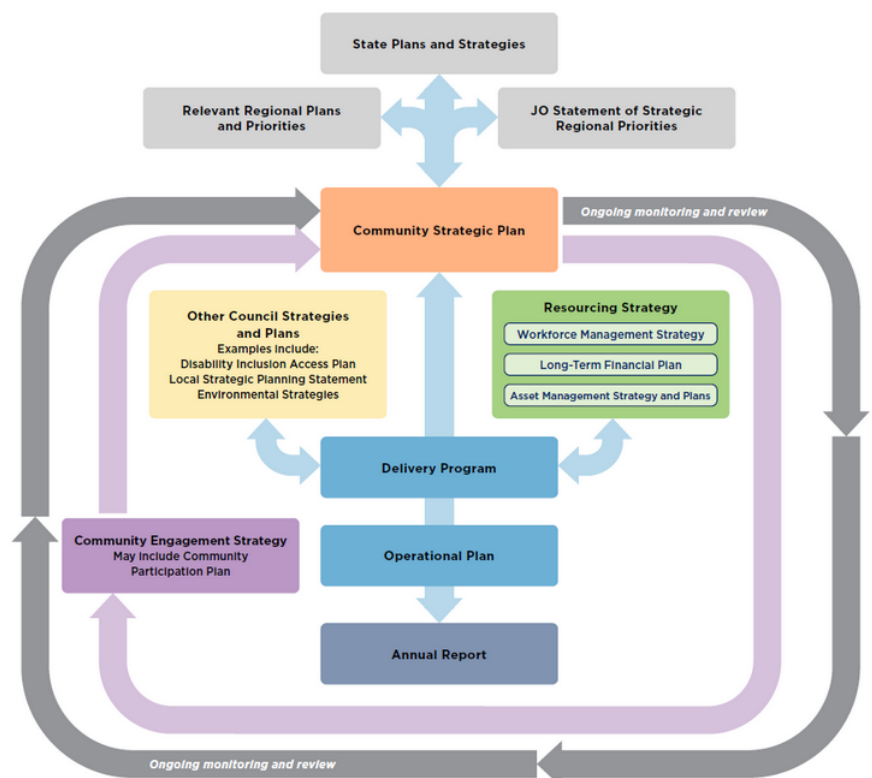

To ensure that Council has the required resources to achieve the goals and strategies set out in the Delivery Program, a Resourcing Strategy is prepared to address long term asset management, financial management and workforce planning.

The Operational Plan is a plan which focuses on the short term. It provides a one-year detailed plan of which activities and projects from the Delivery Program will be implemented.

Each year, Council's success in achieving the goals and strategies

set out in these plans will be reported through Council's Annual Report.

Although considered long term, our Community Strategic Plan and Delivery Program will remain current through a four yearly review in line with Local Government Elections.

How to read this plan

Key Themes

The key theme areas place structure to the Community Strategic Plan. The four key themes are the same as the community values that were adopted by Council in 2010 and reflect those in the IP&R Framework.

Our Community

Our Community

We are a connected and unique community and enjoy our safety and wellbeing. We aspire to create welcoming, accessible, and safe private and public places that foster good health and social interaction. We maintain an inclusive lifestyle as we come together to get things done.

There is a strong link between the ambience and quality of our surroundings and our individual and collective wellbeing.

We value our diversity, our safety, our heritage outback environment and love the uniqueness of our City. We value the built environment and love the shops, restaurants, bars, and range of recreation facilities. We would like to see more vibrancy in our public spaces.

As the first Australian city to be included on the National Heritage List, the built environment is also highly valued and our community places great importance on protecting, celebrating, and enhancing it as much as we are able.
